

Like flowers blooming in the sun's embrace,

Let's nurture our Earth, in every space.

Reduce, recycle, and let's be bold,

For a future where our stories are told.

Planet vs. Plastics

*Summer vacation, a time we all hold dear,
A chance to reconnect, our loved ones are near.
Gatherings planned, with stories untold,
Grandparents' wisdom, worth more than gold.
Make the most of this precious time, we say,
Let laughter fill the parks, where children can play.
Put down the gadgets, the screens that divide,
Connect with your children, walk side by side.
For these formative years, fleeting and fast,
Memories made now, a treasure to last.*

Dear Parents

Holidays are here, the most cherished part of the year. A time for rejuvenation, for visits to relatives, and for adventures with family. Amidst the daily hustle, let's seize the opportunity to create lasting memories together.

As we embark on this summer break, let's make the most of our time together. Whether it's a stroll in the park or lending a helping hand with holiday assignments, let's cherish every moment of togetherness. Let's guide our children away from screens and unhealthy treats, towards meaningful interactions and wholesome activities. Books can spark your child's imagination and transport them to fantastical worlds. Board games will foster connections and friendly competition.

This vacation is not just a pause in routine; it's an opportunity to nurture bonds that will last a lifetime. Let's savour this precious time, gazing into the eyes of our little ones and giving thanks for the gift of parenthood. For in the years to come, they'll soar to new heights.

Looking forward to our children returning, brimming with enthusiasm to embrace their academic pursuits with zest.

Wishing you all a safe, relaxing, and fulfilling vacation.

Warm Regards

Simmi Bhatia

Principal

Summer, Summer

Summer, Summer,
Is almost here,
Time for fun,
And swimming gear.

Trips to the beach,
Are always such fun,
Along with baseball,
And games where we run.

Summer, Summer,
Is almost here,
I can hardly wait,
Let's give a big CHEER!!

Show and Tell at Home

Show and Tell

Do this activity with your child using common household objects

e.g. spoon, jug, television, doll, favourite dress, cycle, wristwatch, hat/cap etc

Make simple sentences to describe the object,

e.g. for a cap, you can say

This is a cap.

It is a colourful cap.

It is a big/small cap.

I use it in summer.

THINGS TO BE SURELY DONE DURING HOLIDAYS BY KIDS:-

- Drink lots of water every day (8-10 glasses).
- Listen to bed time stories every day.
- Spend quality time with your Grandparents by going with them for a walk every day.
- Water plants daily.
- Save paper by not tearing it.
- Wash your own toys.
- Do colouring practice daily.
- Have daily conversation on atleast one good habit.

Sort out the waste

Let's Colour

Circle every number 7

A large number 7 shape is outlined in light blue. Inside the shape, there are several numbers of different colors: 1 (orange), 7 (purple), 2 (green), 4 (blue), 3 (purple), 6 (orange), 1 (purple), 4 (orange), 3 (orange), 7 (green), 4 (purple), 2 (blue), 7 (green), 4 (purple), 6 (purple), and 4 (blue). A teal owl is peeking from behind the left side of the number 7, and an orange cat is peeking from behind the right side. The instruction 'Circle every number 7' is written at the top.

Match the object to its correct curve line

Look for Letter L

Color all circles that contain the letter L.

L N L G L

T L J L

L L X

J L is for  L

L F L T L U

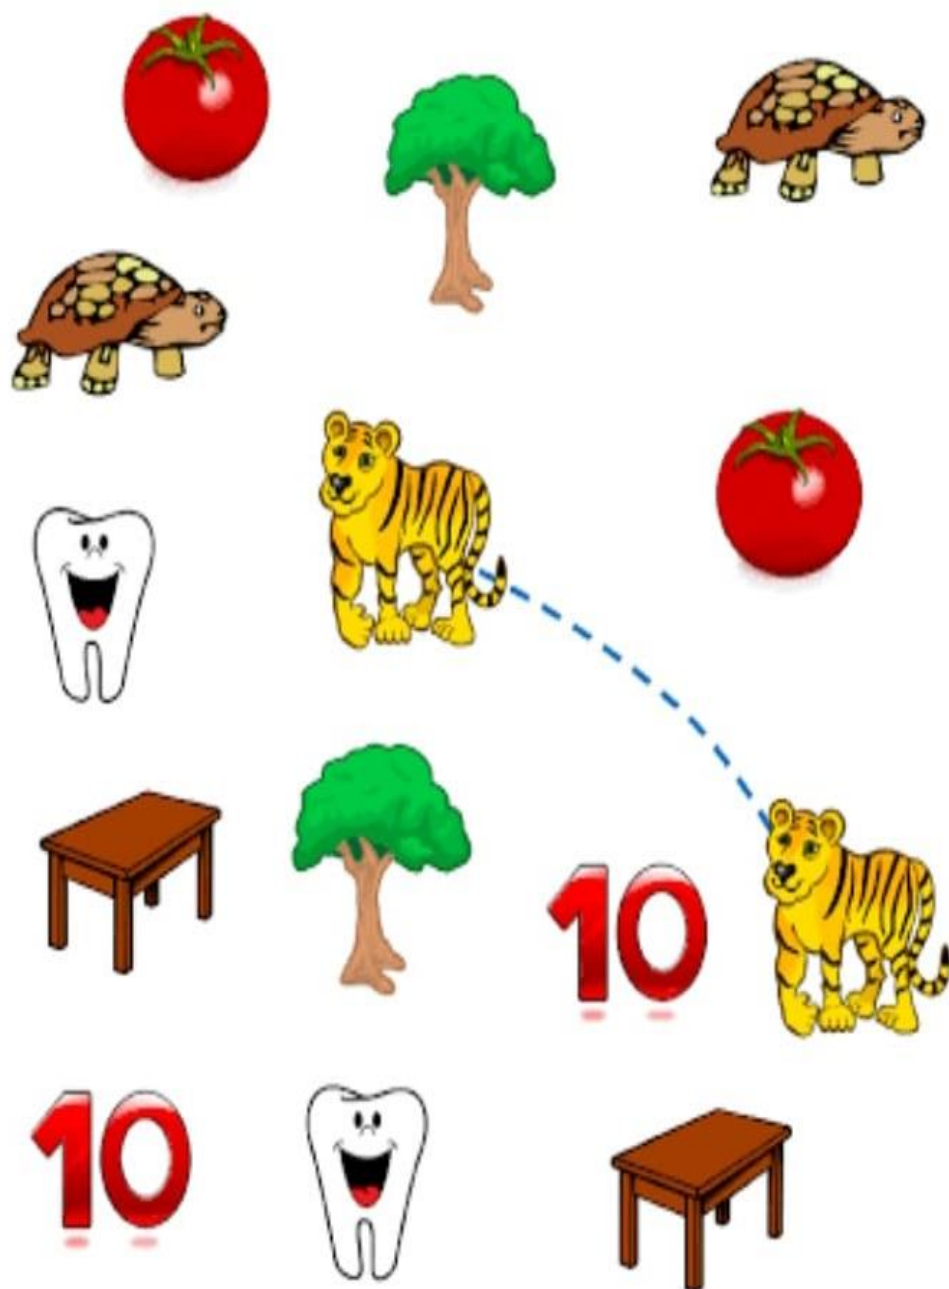

T P L J L

L L H L T

S L L H L T

Picture Matching - Prewriting Skills - Things That Start With Letter T

Draw lines to join the matching pictures of the things that start with letter T. One has been done for you.

Make a Paper bag with newspaper and decorate it creatively

Plant a sapling using coconut shell

Examples shown below.

Project: EcoBrick

Make your own EcoBrick in 5 easy steps:

- 1. Collect, clean and dry plastic waste at home. Items such as foil, cling wrap or any other non-recyclables will be sure to fill up your ecobrick.**
- 2. Compress waste into a plastic bottle with a stick. An old-fashioned wooden spoon handle does the trick.**
- 3. Pack tightly after every level to ensure the waste is properly compacted.**
- 4. Squeeze the bottle with your hand to check if it's tight and full enough or tries standing on it to see if it holds your weight.**
- 5. Seal tightly with the bottle top!**

- To develop “Fine Motor Skills” let your child indulge

in activities like:

Mashing Potatoes, Rolling Chapatis, Shelling out peas, Opening and closing the bottle cap / tiffin lid , Turning pages of a Book, Squeezing bath sponges .

At St. Margaret. Sr. Sec. School, we work hard at implementing a well-balanced curriculum to ensure that the children enjoy what they learn. The above activities have been planned to ensure learning in a play way method. Recapitulation of all the concepts covered till now should be done.

Happy Holiday!!!
